EURAO, a global organization beyond Europe...

Despite its name, European, the **EURAO's** aim is world wide, so it is our hobby. More and more hams and associations around the world have shown interest in our ideas, proposals and activities, and also the will to support our projects and services.

Because a picture is worth a thousand words, we like to show **EURAO** membership on a map (click on it to enlarge), where different colors mean different categories: associations (red), clubs&groups (pink) and individuals (cyan). Also fans (blue).

Spread the word and tell your friends to join us!

CQ EECE 2015: practicing skills is the goal!

nuevo

The **European Emergency Communications Exercise** held on October 3, was the second edition of this kind of exercises, in which participated hams and SWLs from: Austria, Belgium, France, Germany, Italy, Romania, Slovenia, Spain, UK, ...

Some of the participants were volunteers in local sections of organizations like Red Cross. Others transmitted from their radio club stations. But most of them were at home.

Propagation allowed only QSOs on 40m band, not on 20m. But despite that, several messages crossed the continent.

Radio Clubs of the World Sprint Contest 2015: final results

nuevo

The so-called **EANET Sprint Contest**, for short, was held last **November 8** for the fifth time. In this edition there were participants from more different countries than ever before, even with an awarded not Spanish radio club.

In this category, the *radio club* one, the winners have been: **IQ8XF**, **EA5RCD** and **EA3RKF**; and in the *radio amateur* category: **EC7BM**, **EA3HKY** and **EA3HLM**.

All of them will receive the deserved prizes before Christmas. Congratulations and hope to hear you next year!

EURAO Party - Autumn 2015: novices also exist

The **European Radio Amateurs' Organization** announces a new party on the air, this time with the motto: "*novices also exist*". Remember this is not a contest, it is just a radio meeting with a few simple 'rules', better to call them recommendations.

Purpose: to facilitate international QSOs to novices who have access only to restricted segments of our bands, because they also have the right to have fun and meet other hams all over the world. Of course also SWLing is welcome.

Date & time: December 19th and 20th, 2015, Saturday and Sunday, 00:00-24:00 UTC.

Bands & modes: these are the recommended modes/frequencies (+/-) for novices: CW: 3.580, 7.032, 10.118, 14.064, 18.088, 21.062, 24.906 and 28.062 MHz; SSB: 3.680, 7.080, 14.180, 18.160, 21.380, 24.980 and 28.380 MHz.

Call: "CQ EURAO Party".
