EURAO Boulevard at HAM RADIO 2017 in Friedrichshafen

This is the detailed plan of **EURAO Boulevard** inside the **HAM RADIO** exhibition, to be held in Germany this year on **14-16 July**. As you can see, in addition to **EURAO** booth (A1-662), there will be around also booths of the following member associations: **RNRE** (A1-660), **CISAR** (A1-666), **URC** (A1-661), **ARR** (A1-663), **FRC** (A1-665) and **FEDI-EA** (A1-667). Other member associations, like **VRA**, will be inside **EURAO** booth attending members, friends and visitors, listening opinions and sharing experiences.

Our own agenda includes several meetings: Board of Directors on Thursday, technical team on Friday, General Assembly on Saturday; coordination of annual activities, discussion of new projects, etc. If you go to HAM RADIO, do not forget to visit us.

International Exhibition for Radio Amateurs

TM10ISS-OR4ISS: contact successfully done **nuevo**

On May 5th, 2017, the **Club Scientifique et Radioamateur d'Artois-Lys, F4KIS**, member of **URC**, made possible the contact between students of several schools in France, using the callsign **TM10ISS**, and the French astronaut Thomas Pesquet, on board of **OR4ISS**.

The contact with the International Space Station lasted only 6 minutes, but it was enough for a great experience.

AM25FEDIEA for the 25th anniversary of FEDI-EA **nuevo**

Federación Digital EA (FEDI-EA) celebrates twenty-five years since its founding (1992-2017) this July, specifically on the 25th. For this occasion, the special callsign **AM25FEDIEA** will be on air **from 1 to 31 July**, to be used in *multi-club* mode through its usual booking system.

In addition, the PTT also has authorized all Spanish licence holders (who wish) to use, on the same dates, their callsign as special in the following format:

EURAO Party - Spring 2017: watching SSTV

The **European Radio Amateurs' Organization** announces a new party on the air, this time with the motto: "*watching SSTV*". Remember this is not a contest, it is just a radio meeting with a few simple 'rules', better to call them recommendations.

Purpose: SSTV (Slow Scan TeleVision) is not a new mode, but it is incredibly fun, even as a SWL. Try it and meet hams all over the world.

Date & time: June 17th and 18th, 2017, Saturday and Sunday, 00:00-24:00 UTC.

Bands & modes: these are the recommended frequencies (+/-) for SSTV: 3.730, 7.058, 10.132, 14.230, 21.340, 28.680, 50.510 and 144.500 MHz.

Call: "CQ EURAO Party".

[EURAO Award: recognized by the Spanish PTT](#) nuevo

In April, **EURAO Award** achieved the recognition of the Spanish Ministry of Energy, Tourism and Digital Agenda, as a means of accrediting international amateur radio experience and in this way allowing its holders the access to callsigns with 2 letters in the suffix, a kind of vanity call.

This official recognition also implies that **EURAO** is taken into account by Public Administrations also at national level.

Do not miss the opportunity to get your **EURAO Award**.

About our members...

[Tertúlia Radioamadorística Guglielmo Marconi](#) nuevo

TRGM, CS5TRGM (before CT1TGM), founded in 1976 and with its headquarters in Coimbra, has been the **EuroBureauQSL** entry point in Portugal and member club of **EURAO** since the beginning.

Now it upgrades its membership category to *association*.
<http://trgm.blogspot.com>

[Associação de Radioamadores da Região de Lisboa](#) nuevo

ARRLX, CS5LX, was founded in 2014 in order to promote amateur radio among young people, schools and scouts. Even emergency communications are a priority.

ARRLX also has a club section in Beira Baixa region, northern part of Portugal, with its own callsign: **CS5GCB**.

ARRLX has just become recently member association of **EURAO**.
