### EURAO participation in CEPT web-meetings

Due to COVID-19, most **CEPT/ECC** meetings this year have been held online, which has made it much easier for **EURAO** to participate.

This has been the case of WGFM #96, June 8-12, whose final screenshot is that of the above image, and CPG23-1, June 22-23.

As long as this continues in the same way, we will try to participate in as many meetings as are of interest to radio amateurs.

Newsletter issue: 2020-09-01

### EURAO is stakeholder of:

### EURAO member associations

- [CISAR](#): Centro Italiano di Sperimentazione ed Attività Radiantistiche (Italy)

## How to become member of EURAO

### Amateur Radio News...

#### [EURAO General Assembly 2020: held online](#) nuevo

With a participation, in one way or another, of 80%, the **General Assembly 2020** of **EURAO** was held on Saturday, June 27, via internet.

Of course, it is not the same as face-to-face meetings, but, as long as we have COVID-19 around, virtual meetings are the best solution with the least risk. Our radio-gastronomy section will have to wait a little while... hi hi.

#### [EURAO Radio Amateur Insurance certificate: ready to be downloaded](#) nuevo

All subscribers of the **EURAO Radio Amateur Insurance** can download, since mid July, the personalized Certificate attesting they are included in the policy underwritten by **EURAO** with the company **AXA France IARD SA**, the global coverage of which is up to EUR 9.000.000.

This Certificate, which also includes information on what to do in the event of an incident, is written in several languages, which makes it suitable for those radio amateurs who plan to travel to other countries and have to show it to someone.

The Certificate is downloaded together with the [membership card and welcome letter](#) in its usual way.

This service is having great success. Thanks for the good reception!

## More than 51.000 QSL cards !!! have been already managed by EuroBureauQSL

## EURAO Party - Summer 2020: working on 80m and 40m bands

The **European Radio Amateurs' Organization** announces a new party on the air, this time with the motto: "*working on 80m and 40m bands*". Remember this is not a contest, it is just a radio meeting with a few simple 'rules', better to call them recommendations.

**Purpose:** The 80m and 40m bands, with a well-known behavior, are very popular and provide a lot of fun. You can: experience the differences between day and night, at sunset or sunrise, with short range or long distances; test different kinds of antennas, how height above the ground affects them; participate in nets, QSOs, etc. Try everything you can but remember: the most important thing is that you have fun doing radio and meet other hams all over the world. Of course also SWLing is welcome.

**Date & time:** September 19th and 20th, 2020, Saturday and Sunday, 00:00-24:00 UTC.

**Bands & modes:** you can find the recommended modes/frequencies for those bands in our [EURAO Frequency Guide](#). Don't forget novices also exist.

**Call:** "CQ EURAO Party".

**Exchange:** because this is a QSO event, not a contest, you can talk about whatever you want, in any language, and for as long as you like. Here are some topic suggestions to get the conversation going: name, city, locator, weather, antennas, rigs, etc.

### [EANET Sprint Contest 2020: for international clubs and hams](#)

nuevo

On **November 8**, from 08:00 to 12:00 UTC, it will be held the next edition of the "sprint contest" version of the same name Award, devoted to the "**Radio Clubs of the World**".

In just four hours you can win original and funny prizes that you can share with your mate or friends: hotels, restaurants, wellness or adventures.

Moreover, you will have the opportunity to contact those radio clubs you still needed to complete the **EANET Award**.

## News in brief

- **HO1SDC:** on the air until September 13, 2020, on the occasion of Asturias Day (region of Spain) and its patron saint: *Santina de Covadonga*. Sponsored by **Radio Club de Panamá, HP1RCP**. <https://www.qrz.com/db/HO1SDC>
- **VRA Activity Day:** October 17, 2020, 08:00-12:00 UTC, on 2m and 80m bands. <http://www.vra.be>
